MEMORANDUM FOR: Deputy Director (Support)

SUBJECT : Continuance of 24-Hour Courier Service
for Cable Secretariat

REFERENCE : Memo from Chief, FI to DD/S (DD/S No. 50-
3621), dated 18 Sept 1958, subject: Same
as Above

1. This memorandum contains a recommendation for DD/S approval
in Paragraph 5.

2. This Staff has studied all factors relevant to the request
by the Chief, Foreign Intelligence Staff, DD/P for the establishment
of a permanent 24-hour courier service for the delivery of cabled
intelligence reports to the IAC agencies. Also studied was the
feasibility of continuing on a permanent basis the courier service
provided for the after hours delivery of cables to the DD/P Area
Division duty officers.

3. This study has shown that the after hours delivery of
cables to the duty officers in the DD/P Area Divisions is justified
and should be continued. Since the greatest demand for this ser-
vice is between the hours of 1600 and 2100, this courier would be
available for the delivery of cabled intelligence reports to the
IAC agencies from 2100 to 0030 hours.

4. Although we were able to combine duties to make relatively
full use of the services of the one courier between the hours of
1600 and 0030, the requirement that 24-hour coverage be maintained
made full use of courier service from 0030 to 0700 hours more
difficult. The Agency Mail and Courier Service has stated, how-
ever, that it will provide clerical work assignments to be per-
formed between calls by the courier on duty from 0030 to 0700 hours.

5. It is recommended, therefore, that:

a. The personnel ceiling for the Cable Secretariat be
increased by one to provide courier service to the
DD/P Area Divisions between the hours of 1600 and
2100, and to the IAC agencies from 2100 to 0030
hours.

b. The Agency Mail and Courier Service request, through the Office of Logistics, a personnel ceiling increase of one to provide on-call courier service between the hours of 0030 and 0700 hours. This service will be used by the Cable Secretariat for the delivery of cabled intelligence reports to the IAC agencies.
